The True Spirit of Christmas

The celebration of Christmas can be meaningless and maddening, especially if you don't have access to its deep layers of history and symbolism. You may feel frantic looking for gifts, rather than understanding that gift-giving is a way of being in family, friendship, and community, and that Christmas is a time for modeling a Utopian gift economy.

It would be better to enter the spirit of the liminal rather than fight it. Step outside of ordinary time: be of good cheer, give some real gifts, make some good food, and spend more time than usual with friends and family. The best way to deal with the exhaustion of the holidays is not to withdraw but to enter them thoughtfully.

Sing the carols, knowing that this is the expression of angels, mysterious separate beings who represent the invisible factors that influence all our lives. Decorate a tree, knowing that its symbolism reaches deep. String some lights, appreciating that light is the main theme of the season. Christmas is a holy time that invites you to reflect on the most important issues in life, especially escaping the darkness of ignorance and arriving at the light of new understanding and possibility. It ritualizes the birth of your soul. Remember that ritual is an ordinary action carried out with special attention to its poetics that has far greater significance than would appear.

We send love to everyone in our community as God continues to do each and every day.
Merry Christmas! You are loved!

El Verdadero Espíritu de la Navidad

La celebración de la Navidad puede ser sin sentido y enloquecedora, especialmente si no tienes acceso a sus profundas capas de historia y simbolismo. Es posible que se sienta frenético buscando regalos, en lugar de comprender que dar regalos es una forma de estar en la familia, la amistad y la comunidad, y que la Navidad es un momento para modelar una economía de regalos utópica.

Sería mejor entrar en el espíritu del liminal en lugar de luchar contra él. Salga del tiempo ordinario: anímese, brinde obsequios reales, prepare una buena comida y pase más tiempo del habitual con amigos y familiares. La mejor manera de lidiar con el agotamiento de las vacaciones no es retirarse, sino ingresar cuidadosamente.

Canta los villancicos, sabiendo que esta es la expresión de los ángeles, misteriosos seres separados que representan los factores invisibles que influyen en todas nuestras vidas. Decora un árbol, sabiendo que su simbolismo llega a lo profundo. Enciende algunas luces, apreciando que la luz es el tema principal de la temporada.

La Navidad es un tiempo sagrado que lo invita a reflexionar sobre los temas más importantes de la vida, especialmente escapar de la oscuridad de la ignorancia y llegar a la luz de una nueva comprensión y posibilidad. Ritualiza el nacimiento de tu alma. Recuerde que el ritual es una acción ordinaria llevada a cabo con especial atención a su poética que tiene un significado mucho mayor de lo que parece.

Enviamos amor a todos en nuestra comunidad como Dios continúa haciéndolo todos los días.
¡Feliz Navidad! ¡Eres amado!
